LEGEND | LEGENDE | LÉGENDE
 Medžiagų, naudojamų gamyboje aprašymas

LT	
PolyForce®	Medžiaga: auksto tankumo polistirenas - PolyForce. Kietas polimeras
ProFoam®	ProFoam - kietas poliuretanas. Medienos kietumą medžiaga
Flex	Elastingo poliuretano medžiaga. Naudojama lenktiens paviršiams dekoruoti.
LED	Profilis tinkamas būti naudojamas su LED apšvietimo juosta
ScratchShield®	Technologija naudojama padidinti tankio ir atsparumo smugliams profiliams gaminti. Naudojama kieto polimero PolyForce gamyboje.

	pl	en	de	fr
PolyForce®	Produkt wykonane z PolyForce® - bardzo trwałego, ekologicznego materiału o wysokiej gęstości, odpornego na uszkodzenia mechaniczne.	Products made of PolyForce® - a very durable, ecological material with high density and resistance to mechanical damage.	Produkte aus PolyForce® - einem außerst langlebigen, aserdiichten Material mit sehr hoher Dichte, das resistent gegen mechanische Beschädigungen ist.	Les Produits fabriqués à partir de PolyForce® - un matériau durable et écologique à haute résistance au poinçonnement.
ProFoam®	Produkt wykonane z ProFoam® - twardego i jednocześnie lekkiego materiału o gęstości umożliwiającej tworzenie estrych i głębokich zdobień.	Products made of ProFoam® - a hard yet lightweight material with a density allowing the creation of sharp and deep ornaments.	Produkte aus ProFoam® - einem festen und dennoch leichtem Material mit einer Dichte, die die Herstellung von scharfen und tiefen Verzierungen ermöglicht.	Produits fabriqués à partir de ProFoam® - dense et léger permettant la création de décorations aux reliefs précis et profonds.
ScratchShield®	Listwy przydzielane poddawane są wielu codziennym wyzwaniom. Doskonale to wiemy. Właśnie dlatego, opracowaliśmy innovacyjną technologię ScratchShield, która polega na ekstremalnym utwardzeniu listwy przydzielonej. Różnica jest ogromna i zauważalna przy próbie zarysowania listwy ostrym narzędziem. Twardość listew z technologią ScratchShield jest o 24% większa niż standardowych listew. Pomiar twardości wykonywany jest twardościomierzem i wyrażony w skali Shore'a.	Skirting boards are subject to many daily challenges. We know this perfectly well. That's why we have developed the innovative ScratchShield technology, which consists in extremely hardening our skirting boards. The difference is huge and noticeable when trying to scratch the skirting board with a sharp tool. The hardness of skirting boards with ScratchShield technology is 24% higher than standard skirting boards. The hardness is measured with a hardness meter and expressed in Shore scale.	Sockelleisten sind im Alltag vielen Herausforderungen ausgesetzt. Das wissen wir ganz genau. Deshalb haben wir die innovative ScratchShield-Technologie entwickelt, die darin besteht, unsere Sockelleisten extrem zu härten. Der Unterschied ist sofort spürbar, wenn man versucht, die Sockelleiste mit einem scharfen Werkzeug zu zerkratzen. Die Härte der Sockelleisten mit ScratchShield-Technologie ist 24 % höher als die von Standard-Sockelleisten. Die Härte wird mit einem Hartmessgerät gemessen und in der Shore-Skala angegeben.	Les plinthes font face à de nombreux défis quotidiens. Nous le savons parfaitement bien. C'est pourquoi nous avons développé la technologie innovante ScratchShield, qui repose sur le durcissement extrême que vous essayez de gratter la plinthe avec un outil pointu. La duréte des lames dotées de la technologie ScratchShield est 24 % supérieure à celle des lames standard. La mesure de la duréte est réalisée avec un duromètre et exprimée sur l'échelle Shore.
LightGuard®	Listwy oświetleniowe Mardon Decor posiadają unikalną technologię LightGuard® zapobiegającą przebijaniu światła przez powierzchnię listwy.	Mardon Decor lighting moldings feature the unique LightGuard® technology that completely eliminates the piercing of LED light through the molding surface.	Mardon Decor Profile für indirekte Beleuchtung sind mit der einzigartigen LightGuard®-Technologie ausgestattet, die das Durchdringen des LED-Lichts durch die Leistenoberfläche vollständig verhindert.	Les moulures d'éclairage Mardon Decor sont dotées de la technologie unique LightGuard® qui élimine complètement le percage de la lumière LED à travers la surface des moulures.
Flex	Produkt dostępny w wersji elastycznej, przeznaczony do stosowania na pełkognących lub nierównych ścianach. Listwy Flex mają długość 200 cm.	Product available in the flexible version, intended for use on half-rounded or uneven walls. The Flex mouldings have a length of 200 cm.	Das Produkt ist in flexibler Ausführung erhältlich und für den Einsatz an halbrunden oder unebenen Wänden vorgesehen. Flexible Leisten sind 200 cm lang.	Produit disponible en version flexible, à utiliser sur des murs courbes ou irréguliers. Les lattes flexibles mesurent 200 cm de long.
MULTIFUNCTIONAL	Profil multifunkcyjny, który kształtuje umożliwia montaż w różnych wariantach: jako listwa przydzielowa, szczebla i sufitowa.	A multifunctional profile that enables installation in various variants: as a skirting, wall moulding and cornice moulding.	Ein multifunktionales Profil, das den Einbau in verschiedenen Anwendungen ermöglicht: z. B. als Sockelleiste, Wandleiste, Deckenleiste.	Un profil multifonctions dont la forme permet un montage dans diverses versions : en tant que plinthe de sol et murale et comme moulure de plafond.

pl

Lamelli by Mardom Decor to synonim jakości, precyzji i najlepszego designu. Lamelle ściany to absolutny hit wnętrzarski, który na stałe zapisał się we współczesnym projektowaniu. Doświadczenie oraz jakość, którą wypracowaliśmy w produkcji sztukaterii, zainspirowały nas do stworzenia tego wyjątkowego produktu, który całkowicie odmieni każde wnętrze.

en

Lamelli by Mardom Decor is a byword for quality, precision, and the best design. Wall panels are an absolute hit in interior design and a permanent fixture in contemporary design. The experience and high level of quality we have achieved in the production of mouldings have inspired us to create this unique product that completely changes any interior.

de

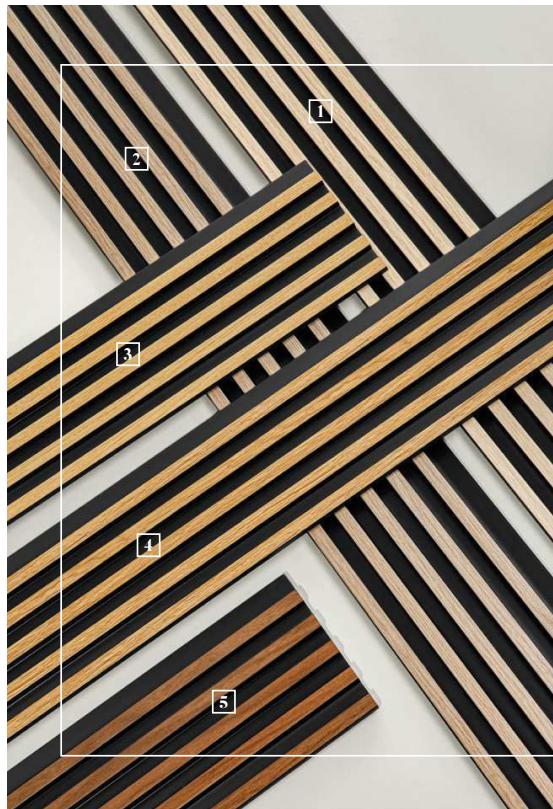

Lamelli von Mardom Decor ist ein Synonym für Qualität, Präzision und Top-Design. Wandpaneele sind seit einiger Zeit ein absoluter Hit in der Innenarchitektur und haben sich zu einem festen Bestandteil des zeitgenössischen Designs entwickelt. Profitieren Sie von unserer Erfahrung und schaffen Sie sich ein wohliges Zuhause, das sich durch unser breites Interieur völlig verändert wird.

fr

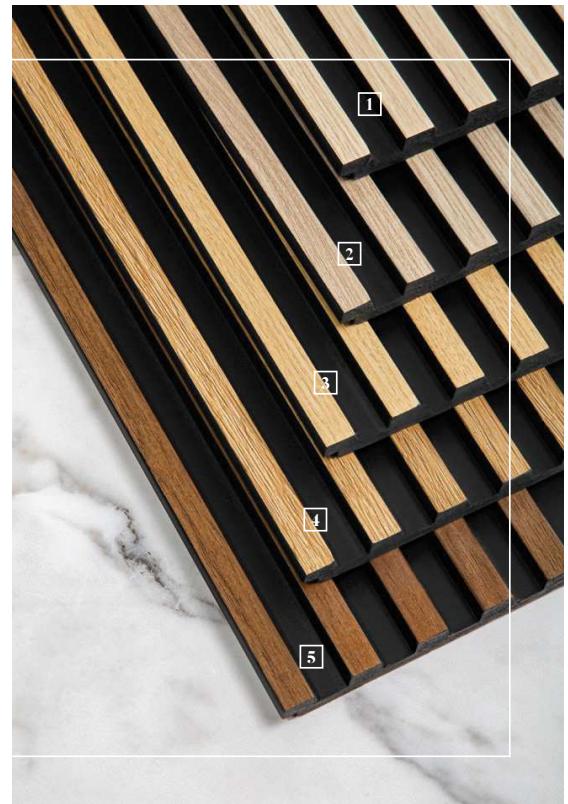

Lamelli by Mardom Decor est synonyme de qualité, de précision et du meilleur design. Les lames murales sont LA tendance déco qui s'est installée pour de bon dans le design moderne. Notre expérience et la qualité de fabrication atteinte nous ont encouragés à créer ce produit exceptionnel qui peut complètement changer chaque intérieur.
